President's Note

Judith Howard
President

Happy New Year 2012! Are you as surprised as I always am when you write the new date on a card and wonder, "What? How did that happen?" So many resolutions to move over to another calendar year hoping for a better result. I have been told that if you continue to do the same thing, you will get the same result. Hmmm . . .

So this year I am thinking about doing things a bit differently. Spawned by the Creative Catalyst Holiday Paint Out where every week they gave us a word prompt to encourage us to keep doing something during the busy holiday season, I am going to paint something every week no matter how small or inconsequential or muddy. Okay. There! I said it out loud! I really do want to paint and I love it when I do but sometimes I just get distracted. Just got my new calendar and I am writing PAINT at the beginning of each week. Now I am going to write a random word or color or subject—hmmm, maybe I need a paint journal for this.

What are you going to do this year? Where do you get your inspiration? What classes or workshops or DVDs are you going to use to move you on in your painting? Who is going to encourage you this year? I really would like to hear from you so that I can share more ideas in our next newsletter—just email me at howard.dj@gmail.com.

Our mission together is to promote watermedia. So team up with your SWWS friends and take advantage of the opportunities our organization is sponsoring this year that are informative, affordable, and fun. AHA is the second Saturday of the month—January 14th—and will get you started on a creative and FUN montage painting. And then February 11th, travel to Longview for a gallery tour and demo with Linda McCord.

And there are still some openings in the Spring Workshop April 24–26 that features national artist Laurie Humble. At the Annual Meeting I asked who would like a \$50 discount gift coupon for the workshop and Loretta Smith was the first to raise her hand—so she will be there! You just don't know what surprises we have for you at our events!

I am happy to return as your president for another year, but I couldn't, wouldn't do it without the board you

elected and all of you helping out! This year, the members on the board have taken on responsibility for specific areas that keep SWWS functioning. And our goal is to help each one of you find a place in which to share in the giving and getting. This way, you can get to know how the organization works and it will result in valuable experience being carried over from year to year, which is a good thing. The Membership Application form in this newsletter has the team leaders' phone numbers so be sure and call and sign up if you haven't already.

And keep painting! The Spring Show in April will be here before we know it! And don't let these days slip away without painting a few pieces! Let's make the 2012 SWWS watermedia shows the best ever!

A memorial service will be held Jan. 21, 2012, at 2:00 p.m. in the East Minister Presbyterian Church/Open Door Fellowship, 12505 N.E. Halsey, Portland, OR.

If you have admired Katey Sandy's montage pieces, then you will want to be sure and attend the next AHA on the second Saturday of January.

Katey will discuss using overlapping shapes (a montage) to create a work of art and then will guide you through doing your own individual montage. It promises to be a very enjoyable experience.

There are just a few things for this "mini workshop" that you will need to bring . . .

- Paper (newsprint or tracing paper will work just fine) and a pencil to create your design
- Transfer paper and a permanent fine line black pen
- Watercolor or acrylic paper and your watercolor or acrylic painting supplies
- Photos to use as ideas for creating your montage
- A theme, a specific place or a trip are some good starting place ideas.

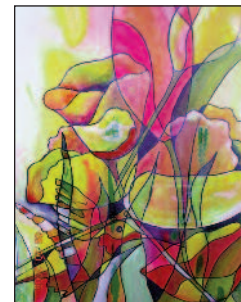

So come and have fun while learning something new with your fellow artists.

Laurie Humble

LAURIE HUMBLE WORKSHOP

*“How to Create a Sense of Depth or
How to Make a Great Painting Out of Anything!”*

Tuesday–Thursday, April 24–26, 2012 • 9:30 – 4:30 p.m. • Location to be determined
Class size limited to 25 • Cost: \$300 Members / \$400 Non-members

Beginners and advanced painters alike will gain a new understanding of achieving a sense of visual depth. Learn not only how to compose your work to draw the viewer in, but also how to use a sense of depth to hold the viewer’s interest longer. Learn

how to make your work come alive with vibrant color and rich darks using some of the techniques Laurie has included in her book, *Watercolor Depth & Realism*. Lessons can be applied to any painting style or skill level.

Laurie will provide subject matter for days 1 and 2 while teaching you how to choose what to paint and how to make your choice of subject matter work as a successful painting. Good composition is the key! On day 3, you may bring your own photo references or work from photos provided by Laurie.

The process of creating an initial drawing for a watercolor differs from that used to create other types of drawings because of the need to save your whites. Laurie will demonstrate her method of reserving whites and softening edges, as well as a better approach to the drawing stage. You will complete a small painting using these techniques.

Watercolor is often called an unforgiving medium, but the unifying wash allows you to manipulate the depth of already painted elements. You will discover exactly what a unifying wash is and how to best use it to your advantage. Once you develop a true understanding of how to utilize this technique you will realize how much control you actually do have over the final outcome of your work. You will also learn how to use separating washes to manipulate the picture plane.

Laurie is the author of the best-selling North Light book, *Watercolor Depth and Realism*. Her works have appeared in more than 50 national and international exhibitions garnering numerous awards. She holds signature memberships in nine art and watercolor societies and a Bachelor of Fine Arts Degree from Texas State University.

Her work was the subject of a feature article in *American Artist* magazine, and has appeared in *Southwest Art* and *International Artist*. Laurie’s work appeared on the cover of the October 2008 issue of *Watercolor Artist*, accompanied by a feature article. Her work is included in the book, *Splash 10*, a North Light publication, as well as the F+W Media 2009 calendar. Laurie conducts workshops across the United States, internationally, and on the internet. Her exciting new two-DVD series *Secrets in Watercolor* is now available through www.artistsnetwork.tv. She also has three instructional DVDs available through www.artacademylive.com. Her works in both watercolor and oil are included in private and permanent collections across the country. She is represented by Thornwood Gallery in Houston. Laurie’s latest work, current events, and workshop schedule can be found on her website www.lauriehumble.com.
